

## RESOURCES AVAILABLE

### FREE TEACHER PLANNING VISITS

We offer free familiarisation visits to all teachers and their children. These happen on set dates, twice a year. If you would like to book for the next teacher familiarisation day, simply email [hounslowinfo@hobbledown.com](mailto:hounslowinfo@hobbledown.com) to request your tickets.

### FREE TEACHER TICKETS

As safe as Hobbledown is, children still need to be supervised at all times. To aid in this supervision, all accompanying teachers are complimentary up to the number of children within your school group.

#### SHAGGY BEASTS WORKSHEET

##### SOME FUN FACTS:

- CLIMATE have adapted to the long term pattern of whether it is a particular area.
- ADAPTATION have evolved to be related to an environment or an animal, plant or other organism.
- ADAPTATION have evolved to be related to an environment or an animal, plant or other organism.
- ADAPTATION have evolved to be related to an environment or an animal, plant or other organism.
- ADAPTATION have evolved to be related to an environment or an animal, plant or other organism.
- ADAPTATION have evolved to be related to an environment or an animal, plant or other organism.
- ADAPTATION have evolved to be related to an environment or an animal, plant or other organism.
- ADAPTATION have evolved to be related to an environment or an animal, plant or other organism.

# WELCOME TO HOBBLEDOWN HEATH

Hobbledown Heath offers an excellent day out for school visits and the Hobblers want to make sure the teachers enjoy the day just as much as the children!

That starts with us offering you all the resources you need to make the most of your visit. We want this day to be easy to organise and stress free.

**Hobbledown Heath is our BRAND NEW animal and adventure park, opening in Hounslow in June 2022.** Just like

our multi-award winning Hobbledown park in Epsom, Hobbledown Heath promises a fun-filled, inspirational and educational day out for your school.

## OUR EDUCATIONAL PACKAGES

We offer five different types of lesson which focus specifically on the 'Living Things and Their Habitats' and 'Animals Including Humans' sections of the Key Stage 1 and 2 curriculums and the content of each lesson is tailored depending on your requirements.

### A: THE HOBBLER GUIDED TOUR

This involves a curated guide around the different animal walkthroughs, examining the different types of animal species we have and their habitats.

### B: INTERACTIVE ANIMAL EXPERIENCE

This lesson allows the students to get up close to one of the animals and learn about specific features of the animal and how these suit their specific lifestyles and habitats. Please note we cannot always guarantee your choice of animal in these sessions.

### C: SHAGGY BEASTS

Led by one of our expert animal team members, learners will meet Face to Face with some of our "shaggier" animal residents to explore adaptations in relation to climate.

## PRICES & BOOKING INFO

**Booking is easy – we don't require a deposit and you can cancel your booking at any time without a charge.**

Our dedicated schools booking manager is waiting to help you with your booking, just email [hounslowinfo@hobbledown.com](mailto:hounslowinfo@hobbledown.com) or download the booking form online and email it back to us available at [hobbledown.com/hounslow/schools](http://hobbledown.com/hounslow/schools)

### D: ANIMALS IN MOTION

For students who like to learn on the GO. Exploration around the park to learn how animals move. Led by one of our expert animal team members and award-winning Coda Falconry.

### E: BIRDS OF PREY

Spend time with the expert and award-winning Coda Falconry team to come Face to Face with spectacular birds of prey. Expect some magical interactive surprises as you learn about their adaptations and natural habitats.
