

# BUILD-A-HOBBLER WORKSHEET

Hobblers are mischievous creatures who live in the fantasy world of Hobbledown. Use the passage below as inspiration to come up with your own hobbler character.

**“Sludgebucket** is the most **jumbled-up** hobbler in Hobbledown. He’s in charge of **counting acorns** - but he’s not very good at it.

His best friend is a squirrel called **Tumbletail**. The two of them like to **climb trees** together - Tumbletail is better, obviously. Especially because Sludgebucket gets distracted trying to count every acorn he sees.”
